FROM PRINCIPAL'S DESK.....

I am happy to report that the effort of progress has been made in achieving the goal. Through my writing I would like to congratulate all the students who have passed successfully in their respective final examinations. In the last issue we explored the challenges that the institution have been facing for last few years. This year we have fulfilled a few of them. It is worth mentioning that Gauhati University has introduced Semester System in under graduate level from this year, accordingly some pending formalities regarding affiliation and permission has been fulfilled by the College authority to cope up with this newly introduced system. Another initiative that has been taken this year is to make our Institution an environment friendly zone.

Once again I would like to express my considerable appreciation to all my students and staff.

DECEMBER 2011.

Dr.(Mrs) Babita Choudhury

Principal

R.G.Baruah College.
